DIVISION OF INSURANCE

BILL SHEFFIELD, GOVERNOR

POUCH D
JUNEAU, ALASKA 99811
PHONE: 465-2515

As Director of Insurance for the State of Alaska, I am pleased to submit to you the 48th Annual Insurance Report for the 1985 calendar year as provided for in AS 21.06.110.

This will long be remembered as the era of the insurance crisis, yet many positive things have happened in Alaska during the year. Alaska's risk management oriented Market Access Program (M.A.P.) has been an overwhelming success.

Our M.A.P., unlike those in other states, encourages the insured to prepare a complete package of underwriting information to be considered by insurers. Insureds feel like they are a part of the process and the insurers once again have an opportunity to underwrite based on complete information. Markets have opened for many risks using this concept.

Alaska was one of the nine states in 1986 to adopt significant tort reform, according to *Business Insurance* magazine. The immediate response of insurers was gratifying. Capacity allocated to Alaska risks increased and premiums stabilized. First reports indicate that public attitudes have been modified due to the extensive attention given tort reform issues during legislative debate.

In a time of declining overall state revenues, insurance premium taxes continue to increase and provide a significant nonoil-related contribution to the state's general fund. Additionally, insurers continue to invest their assets in the State of Alaska through municipal bonds, local utility bonds, and mortgages which benefit all Alaskans.

Contained in this report is a limited summary of Alaska premium and loss experience and other facts which we hope will be of interest. More specific detailed information is available from the Division of Insurance upon written request and the payment of any applicable fees.

Respecfully submitted,

John L. George
Director
